

TCM Forklift Part

TCM Forklift Parts - In the global business of material handling, lift trucks play an important part for transporting industrial goods. Initially innovated as industrial vehicles in the 1930s in the United States, forklifts gained recognition following World War II during the 1940s. Becoming a reliable and efficient means to material handling solutions, the need and practicality of these machinery spread worldwide.

In the year 1949, started by Mr. N. Niwa, the first Toyo Carrier Manufacturing Company Limited, which was later named Toyo Umpanki Co, was established. Currently the business is simply referred to as TCM Corporation. Over the years, TCM forklifts have become an international leader in lift truck manufacturing and have built a solid reputation with the industry. TCM began building lift truck manufacturing sites outside of Japan in the 1980s and is currently engaged in lift truck manufacturer at three foreign factories in the United States, Europe and China.

With over 50 years of accumulated expertise and technology, TCM has been proudly making various models of industrial trucks, making their models recognizable all around the world. With a strong and energetic staff, TCM has been able to continually work towards becoming a future leading material handling company.
