

## Komatsu Forklift Part

Komatsu Forklift Parts - Komatsu Forklift U.S.A. Inc. has a very good reputation for building reliable and robust forklifts. Komatsu is recognized around the world as a corporation with a prosperous heritage while preserving an exceptional benchmark of refinement and quality in both design and equipment manufacturing.

Komatsu Forklift U.S.A., Inc., a branch of Komatsu Forklift Co., Ltd., International Division and Komatsu Utility Co., Ltd remains devoted to their promise of helping to foster a better tomorrow. The company heritage dates back to 1921, when Komatsu, Ltd started out in Japan as a maker of mining and construction equipment. Very quickly the business grew into an industry leader and was responsible for constructing Japan's first contemporary bull dozer and farm tractor.

Over the past couple decades, Komatsu has evolved to become a global giant due to their strength and expertise within the various fields of logistics, excavating, construction and mining. With modern concepts and technological superiority, they remain at the forefront of these industries.

Evolving in 1945, Komatsu Forklift Co., Ltd has expanded greatly. Utilizing their superior manufacturing features and progressive design approaches, Komatsu has become acknowledged to build the kind of durable and dependable forklift that clients across the globe have come to rely upon. In 1976, Komatsu Forklift U.S.A., Inc was created to satisfy the mounting demand for its goods in the North American marketplace. To improve expenditures and efficiencies, a state-of-the-art facility was developed in Covington, Georgia in 1990, to unite all U.S. Komatsu Forklift product support and production operations.

Remaining one of the leading suppliers and manufacturers of durable and modern forklifts these days, Komatsu Forklift U.S.A., Inc continues to meet their customers' needs globally. Central and Latin America, Mexico, the Caribbean and South America are home to some of Komatsu's satisfied clients along with their North American consumers.

Following years of delivering consumer service and maintaining rapport, Komatsu Forklift understands that meeting the customers' needs is vital. All new product enhancement at Komatsu starts first with the customer. By welcoming input and feedback, they are able to establish customer wants and expectations then cultivate innovative concepts and then manufacture to exceed Komatsu Engineering Principles. Assuring consumers that quality is planned from the start and sustained throughout the production, service and product sales processes, allows Komatsu to end up with a top-quality product from start to finish.

The engineers at Komatsu are experts who concentrate on designing heavy-duty equipment, forklifts and construction equipment. Their design expertise assures that each piece of equipment will endure in even the toughest applications and environments. Adherence to stringent engineering principles enables Komatsu Forklift to satisfy ISO 9001 standards. Computer aided design and stringent in-house quality standards all add to high-class forklift products. Komatsu Engineering Standards translate the contemporary and innovative technology used in advanced mining and construction equipment into world class equipment.

The contemporary plant in Covington, Georgia has all the essential requirements for full scale production. This plant is able to take raw steel and manipulate it by preparing, welding, and fabricating it. Once assembled and painted the lift trucks are ready to leave the facility and enter the market. Maintaining quality control through the duration of the production process, assures customers that the quality is built into Komatsu's products from the very beginning.

Komatsu believes that since a product is only as valuable as the individuals who sell and support it, their dealers make all the difference. Komatsu Forklift is proud of their committed supplier networks who strive to exceed expectations. Specialized in all elements from sales, service or operating instruction, or aftermarket support, their diverse association of experienced and capable experts are available. Komatsu Forklift Dealer locations across the country have a Komatsu OEM parts on-hand to offer the essential service needed to keep customers' operations running smoothly. Computerized, real-time access with next day transport from their highly automated circulation hub is an alternative option. The internet based K-Link system assists dealers with on-line parts management, service and acquisition for all major forklift models.

At Komatsu Forklift U.S.A., Inc. they know how to serve National Accounts. Several world-class corporations depend on Komatsu lift trucks in their day-to-day operations. Countrywide account consumers benefit from a unique relationship with Komatsu that permits them to modify cost-efficient applications in order to boost the customer's efficiency and profits. Komatsu countrywide account clients have access to on-line parts and service support system and a inclusive fleet management program, offering the ability for Komatsu to be their total solution for any forklift concerns.

The reliable and efficient team at Komatsu Forklift U.S.A., Inc., are focused on providing their clients an exceptional experience whether or not it is through sales, instruction, maintenance, or aftermarket support. They want to ensure the level of consumer service offered will help their customers meet or exceed their ambitions and develop a profitable business/client relationship in the process. Komatsu strives to understand each of their customers' distinctive methods of doing business and enjoys working together to develop an arrangement to best insure their ongoing success.

Komatsu invites you to contact your local Komatsu lift truck supplier today in order to discover more about the assortment of services and programs they have available. Customer satisfaction and support are two of the organizations top priorities and it is easy to see why thousands of customers world-wide rely on the Komatsu family of products each day.
