

Advance-Nilfisk Part

Advance-Nilfisk Parts - Think about how long and tiresome it would be to tidy up after a party, without help from machines. Not too long ago, the dirt from upholstery and carpets had to be beat out of them by hand; brushes, cleaning cloths and brooms were the top cleaning products at the time.

P.A. Fisker, the man who founded Nilfisk-Advance, was an electrical engineer who loved working with electrical motors. Starting the business in 1906, he started to produce motors to be able to drive coffee grinders, drills, fans and machine tools. Mr. Fisker's dream from the beginning was to have a global company advertising products globally.

The Nilfisk C1 was a revolutionary breakthrough in the cleaning business. Mr. Fisker invented a remarkable, ground breaking vacuum cleaner which could be operated by one person since it just weighed 17.5 kilos! This invention came in a time where numerous cleaning machines were very big and needed at least 4 operators, thus, the Nilfisk C1 changed everything and developed the way we clean forever. The genius behind these very first cleaning machines remains unparalleled. Cleaning equipment offer an excellent solution to an existing crisis; stuff get filthy and have to be cleaned on a regular basis, without a lot of effort.

Gradually, the company Nilfisk-Advance developed through the years. During the early 1980's the company expanded fast when the company became a part of the NKT Group. With new owners on board, they focused on driving Nilfisk-Advance ahead within the business, aiming to be an active worldwide player in manufacturing professional cleaning machines. Nilfisk-Advance is now found in every part of the world due to gradually obtaining many small businesses so as to grow their product selection and presence in new markets. They are really proud to provide a range of cleaning solutions to fit each requirement.
